

Summary of Unit of Competency

The HLTAID003 Provide first aid unit of competency describes the skills and knowledge required to provide a first aid response to a casualty. The unit applies to all workers who may be required to provide a first aid response in a range of situations, including community and workplace settings. This unit of competency incorporates HLTAID001 Provide cardiopulmonary resuscitation.

Study Duration

Blended Online

Students have 3 months to complete HLTAID003 Provide first aid.

Face-to-Face Tutorials

HLTAID003 Provide first aid 6-hour class with approximately 2 hours of unsupervised online pre-course study.

Industry Opportunities

Workplace First Aid Officer

This unit of competency is for those who have either never done a First Aid course or for anyone whose certificate is about to expire. This unit of competency suits the requirement for First Aid within various industries.

Educational Pathways

Following the successful completion of this unit of competency, students may choose to further their learning pathway and complete HLTAID006 Provide advanced first aid or HLTAID007 Provide advanced resuscitation.

Course Payment

Full payment is required to complete this course.

Assessment

Every qualification, unit of competency or skill set that is completed at FIT College will require students to undergo a number of assessment tasks, both written and/or practical. The assessment tasks are designed to confirm that the student can competently meet all elements and performance criteria as indicated in the curriculum. By successfully completing each assessment task to the standard indicated, students are ready and eligible to perform those elements in the workplace. All courses are limited to a 2-topic progress sequence. Students will only have access to study 2 topics at one time.
