

# PROVIDE AN EMERGENCY FIRST AID RESPONSE IN AN EDUCATION AND CARE SETTING

| HLT AID 004 |

## Summary of Unit of Competency

The HLT AID 004 Provide an emergency first aid response in an education and care setting unit of competency describes the skills and knowledge required to provide a first aid response to infants, children and adults. The unit of competency applies to educators and support staff working within an education and care setting who are required to respond to a first aid emergency, including asthmatic and anaphylactic emergencies. This unit of competency incorporates HLT AID 003 Provide first aid and HLT AID 001 Provide cardiopulmonary resuscitation.

### Study Duration

#### Blended Online

Students have 3 months to complete HLT AID 004 Provide an emergency first aid response in an education and care setting.

#### Face-to-Face Tutorials

## Assessment

Every qualification, unit of competency or skill set that is completed at FIT College will require students to undergo a number of assessment tasks, both written and/or practical. The assessment tasks are designed to confirm that the student can competently meet all elements and performance criteria as indicated in the curriculum. By successfully completing each assessment task to the standard indicated, students are ready and eligible to perform those elements in the workplace. All courses are limited to a 2-topic progress sequence. Students will only have access to study 2 topics at one time.
